

Embrace Orthodontics - Temporary Closure

To do our part to stop the spread of COVID-19 since we are in a high exposure risk setting, Embrace Orthodontics will be closed Monday, March 16th through Monday, April 6th in accordance with Governor Ducey's executive order for all elective dental procedures.

We will be working virtually and our team will be ready to answer your questions by phone and text. If you have an appointment during this time, an Embrace Orthodontics team member will contact you. If you receive an appointment reminder during this time, please disregard as we work to update our system.

We value not only your dental health, but the overall health of our patients, staff and families. We will continue to monitor the situation closely and take additional measures as necessary. Our team remains dedicated to serving you every day with the same commitment to values you've come to know. Thank you for helping to protect our patients, our families and our community from COVID-19 and other viruses.

To book a virtual appointment: <https://calendly.com/embraceortho>

*Please note, you will need to use Zoom to access the meeting.

After hours line to text or reach our office: 623-226-7766
